

# REFLECTION

*Thursday*

In Romans 8 we read that the whole creation groans because everything perishes and we as humans also groan under suffering and death. The Holy Spirit groans with us (8:26). The Holy Spirit longs and prays for the wholeness of all things.

Reflect on the questions, talk to the Lord about them and make notes of your experiences in your journal.

1. What brokenness is currently present in my home, at my work, in my community?

2. Which one is the Lord asking me to respond to?

3. What is it that scares me and what do I want to flee from?

4. What is the Lord saying to me through these movements in my heart?
